

# CORROSION BLOCK<sup>®</sup> ANTI-CORROSION COMPOUNDS

Mine Technology Services Ltd (MTS) is a stockist of the CORROSION BLOCK<sup>®</sup> anti-corrosion grease and liquids.

CORROSION BLOCK<sup>®</sup> kills corrosion in progress and prevents new corrosion. It is an excellent lubricant and penetrant.

Ideal for protection of all electrical and electronic applications.

## Corrosion Block Grease

- Superior defence against rust and corrosion
- Outstanding protection for electrical and electronic components
- Waterproof
- Strongly resists water wash-out
- Excellent temperature and pressure properties
- Superb lubricant: out-performs lithium and most synthetic grease
- Suitable for sealed-for-life applications
- Great thermal / oxidative stability
- Cost-effective alternative with superior features
- Available in three sizes: 2oz tube (54g), 14oz cartridge (400g), and 16oz (454g) tubs.

## Corrosion Block 4oz Pump Spray

- Developed exclusively to stop existing rust and prevent new corrosion
- A sophisticated water displacement product
- Excellent penetrant and lubricant
- Outstanding protection for electrical and electronic components
- Also available in a 12oz (340g) aerosol can

### MTS Part Number

### Description

M10108	Grease Corrosion Block 2oz Tube
M10109	Grease Corrosion Block 14oz Cartridge
M10110	Grease Corrosion Block 16oz Tub
M10111	Spray Corrosion Block 4oz Pump
M10112	Spray Corrosion Block 12oz Aerosol

\* Minimum order quantities apply. MSDS sheets available
